CLASS: Firewise for Horse Owners Wildfire is now a reality in Kittitas Upper County and Snoqualmie Pass areas. When you have horses or livestock involved, swift action needs to be taken to reduce the chance of your animals being lost and your property damaged. This presentation will help you identify wildfire risks around your horse property and livestock areas, and provide you with the appropriate actions to minimize risk and ways to expedite an evacuation should the danger of wildfire arise. Join a representative of Fire District #7, and this presentation by Alayne Blickle, Director of Horses for Clean Water.
